

“The Age of Steam Roundhouse asked Douglas Harvey Museum Services to conduct a preliminary evaluation of our current operations with an eye towards the development of a strategic plan to guide the Roundhouse through its formative years as a museum. Everyone involved, from board members to staff, felt Doug’s approach and experience as a whole was just what was needed. We look forward to working with him again in the future as we continue to grow and develop.

*Mr. Noel B. Poirier, Executive Director, Age of Steam Roundhouse”*
